MEMORANDUM TO: Kevin Hsueh, Chief
Licensing Processes Branch
Division of Policy and Rulemaking
Office of Nuclear Reactor Regulation

FROM: Jonathan G. Rowley, Project Manager /RA/
Licensing Processes Branch
Division of Policy and Rulemaking
Office of Nuclear Reactor Regulation

SUBJECT: SUMMARY OF NOVEMBER 12, 2015, PARTIALLY CLOSED
MEETING WITH AREVA INC. REGARDING TOPICAL REPORT
ANP-10323P, "FUEL ROD THERMAL MECHANICAL METHODOLOGY
FOR BOILING WATER REACTORS AND PRESSURIZED WATER
REACTORS" (CAC NO. MF2545)

On November 12, 2015, a partially closed meeting was held between the U.S. Nuclear Regulatory Commission (NRC) staff and AREVA Inc. (AREVA). The objective of this meeting was to discuss the NRC staff draft request for additional information (RAI) questions for the review of Topical Report (TR) ANP-10323P (also referred to as GALILEO). Due to the highly technical nature and complexity of the questions, the NRC staff and AREVA representatives met on August 25 - 26, 2015, to clarify the RAI questions. During the November 12, 2015, meeting, AREVA provided its perspective on the draft RAI questions and information to close action items that stemmed from the August meeting.

A list of attendees is enclosed. The AREVA presentation was determined to be proprietary information, therefore, it is not available publicly.

Project No. 728
