Subject: RE: RE: Model No. MIDUS (CoC. R4) -- Affidavit's question

Good afternoon,

I will add this e-mail in the docket for the Model MIDUS and will proceed with the proprietary determination.

Thanks,
Norma

Norma,
That is correct. That is what we normally do on the Part 50 licensing side.

Subject: Model No. MIDUS (CoC. R4) -- Affidavit's question

Good morning,

I talked to my supervisor (J. McKirgan) about your affidavit's question as it relates to the recent licensing action request related to the Model No. MIDUS. Since the proprietary version and the non-proprietary version of the

application have the same identifier and title and also for the sake of time, I want to confirm with you that you are seeking to:

1. withhold from public disclosure the entire version of the application marked on the cover page as “Security-Related Information – Withhold Under 10 CFR 2.390,” and
2. release to the public the entire version on the application not marked as “Security-Related Information – Withhold Under 10 CFR 2.390” (redacted version of the application)

Based on your response, I will proceed with the proprietary determination. (See 2.390(b) for future affidavits.)

My supervisor told me that he can follow up with you next week (he will be out of the office on Wednesday and Thursday of this week).

Thanks,

Norma Garcia Santos
