Subject: [External_Sender] Andrews Texas nuclear waste dump

To whom it may concern:

As a resident of Andrews Texas I am totally against having this dump here.

The residents here have no idea what they are getting into and just want a small economic gain.

The local water supply has already been contaminated by the oil industry, the area reeks of oil and gas stench and the countryside is laden with junk.

The existing revenue from wcs goes into a slush fund called fund#13?? and is used for whatever frivolous use the current regime deems necessary.

Most local people are afraid to speak against this for fear of being ostracized myself included .

Robert Hage
Citizen
Andrews County Texas
