Gentlemen:

Re: Nine Mile Point Unit 1
Docket No. 50-220
DPR-63

Your March 19, 1979 letter requested information relative to radiation levels at the Nine Mile Point Unit 1 site boundary. The requested data is available in the Annual Environmental Operating Report. That report contains environmental TLD readings and a map of their locations. The improved off-gas system became operational during July, 1976.

Very truly yours,
NIAGARA MOHAWK POWER CORPORATION
