RE: Docket No. 50-220
I.E. Bulletin 79-04

Dear Mr. Grier:

Your March 30, 1979 I.E. Bulletin 79-04 addresses incorrect weights for swing check valves manufactured by Velan Engineering Corporation.

A review at Nine Mile Point Nuclear Station Unit #1 indicates that there are no 3", 4", or 6" diameter Velan Swing Check Valves installed or scheduled to be installed in seismic Category 1 piping systems.

Very truly yours,

R.R. Schneider
Vice President -
Electric Production
