REGULATORY DOCKET FILE COPY

Mr. Harold Denton, Director
Office of Nuclear Reactor Regulation
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

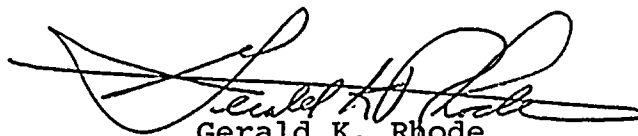

Dear Mr. Denton:

Re: Nine Mile Point Unit 2
Docket No. 50-410

Our letter dated June 28, 1979 described acceptance criteria for the volumetric examination of the longitudinal weld in the drywell floor downcomers. This letter incorrectly referenced Paragraph NC-2553 of the ASME Section III, 1977 Edition through Summer 1977 Addendum. The correct reference for the acceptance criteria should have been Article NC-5000 of ASME Section III, 1977 Edition through Summer 1977 Addendum.

Very truly yours,

NIAGARA MOHAWK POWER CORPORATION

Gerald K. Rhode
Vice President
System Project Management
