Gentlemen:

Subject: Non-Destructive Examination of Flued Head Penetration Welds

This will confirm the agreement reached with representatives of Stone and Webster Engineering Corporation for a meeting to discuss NDE of Flued Head Penetration Welds. The meeting will be held at the NRC Region I office, 631 Park Avenue, King of Prussia, Pennsylvania, at 9:00 a.m., September 7, 1979.

The meeting agenda includes:

- Requirements for radiography of flued head penetration welds including pre-1971 designs; exceptions to these requirements approved by S&W and results of re-tests of welds not originally radiographed.
- Evaluation (for reportability in accordance with 10 CFR 21) of problems identified at sites not requiring radiography of these welds.

Sincerely,

Boyce H. Grier  
Director
