Dear Mr. Grier:

Your I.E. Bulletin 79-25, dated November 2, 1979, addressed "Failures of Westinghouse BFD Relays in Safety-Related Systems." The following information is provided for Nine Mile Point Nuclear Station Unit #1.

After in-plant inspection and review of station records, it has been determined that no Westinghouse BFD or Nbfd relays are installed in safety-related or operational functions at Nine Mile Point Nuclear Station Unit #1. We are, therefore, in full compliance at this time.

Very truly yours,

R. R. Schneider
