King of Prussia, PA 19406

Dear Mr. Grier:

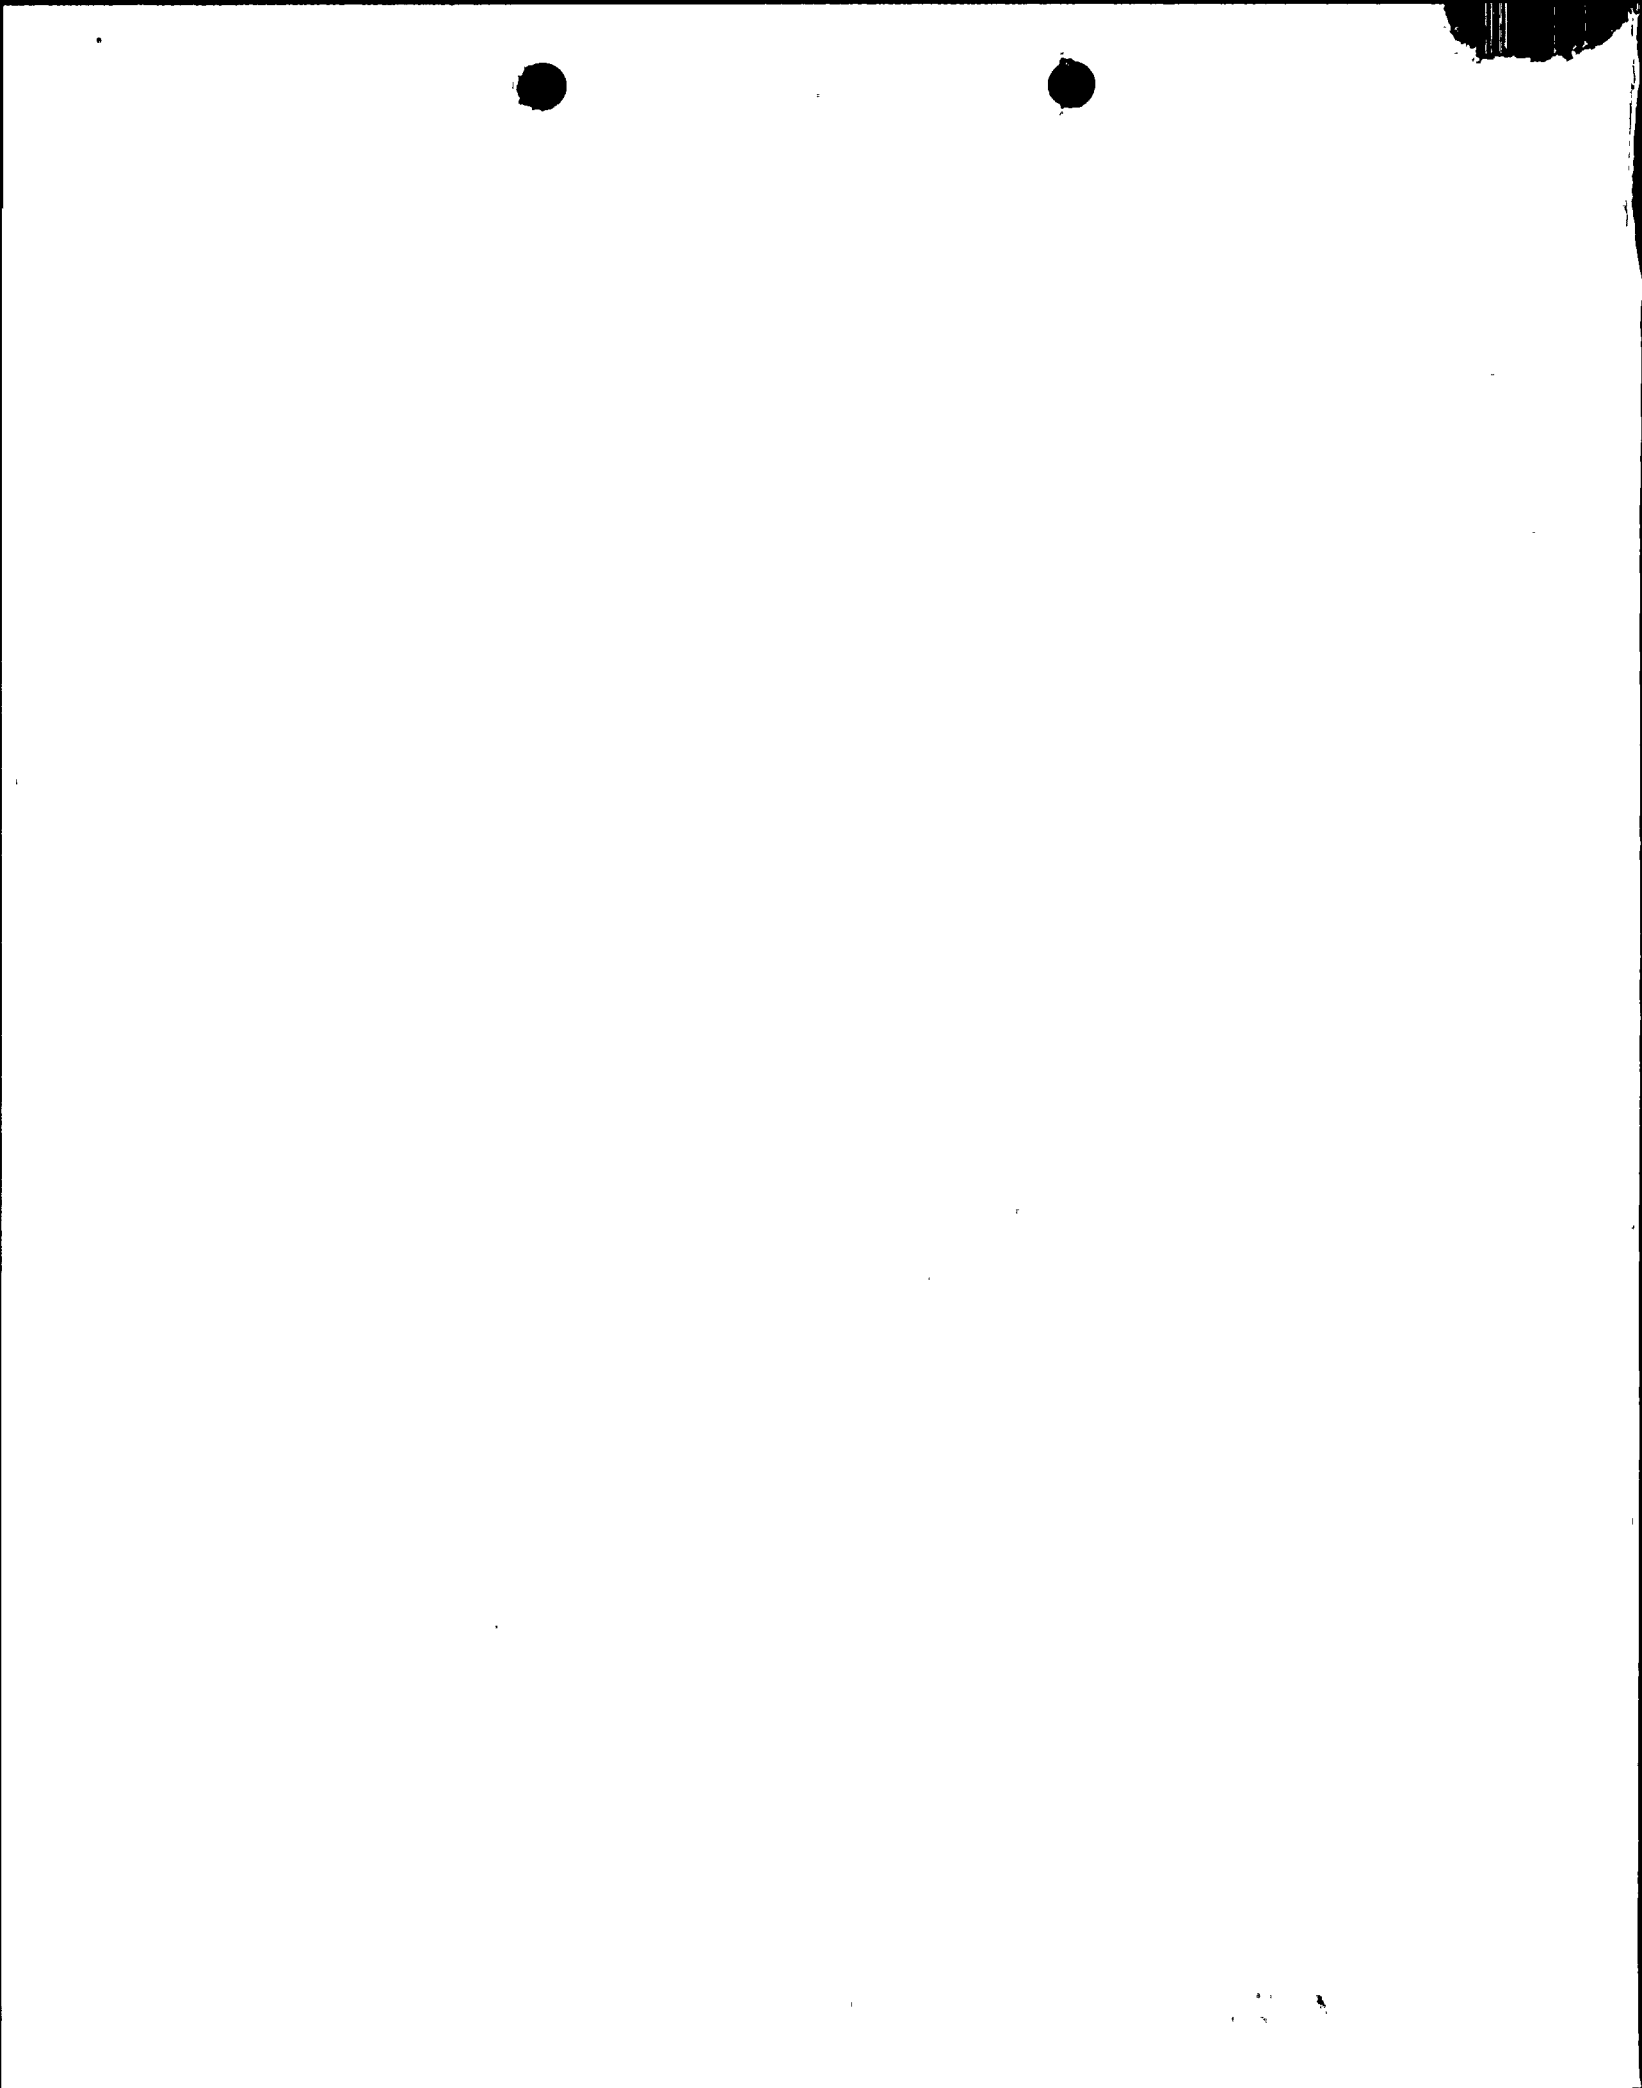

Re: Nine Mile Point Unit 2
Docket No. 50-410

Your April 7, 1980 IE Bulletin No. 80-08 requested information regarding the nondestructive examination of containment liner penetration welds.

This matter was addressed in previous correspondence to you. Specifically, the following letters have been written regarding this subject which contain the information requested in Items 1 and 2 of the bulletin:

1. Nuclear Regulatory Commission's Inspection Report No. 50-410/79-02 transmitted by letter dated April 26, 1979.
2. Niagara Mohawk's letter dated June 1, 1979 from Mr. G. K. Rhode to Mr. R. T. Carlson.
3. Niagara Mohawk's letter dated June 28, 1979 from Mr. G. K. Rhode to Mr. R. T. Carlson.
4. Niagara Mohawk's letter dated January 24, 1980 from Mr. G. K. Rhode to Mr. R. T. Carlson.
5. Nuclear Regulatory Commission's Inspection Report No. 50-410/80-02 transmitted by letter dated June 3, 1980.

8008010/22

Mr. Grier
Page 2

With respect to Item 3 in the Bulletin, radiography of the containment liner flued head to outer sleeve welds has been performed. The results of the nondestructive examinations are on file at the Unit 2 construction site.

Very truly yours,

NIAGARA MOHAWK POWER CORPORATION
