Docket No. 50-220
DPR-63

Dear Mr. Ippolito:

Our letter of August 7, 1980 provided additional information regarding fire protection at Nine Mile Point Unit 1. Two typographical errors were contained in that letter. The last sentence of the opening paragraph should have read "The detection system is scheduled for completion in July, 1981, however, final testing may extend beyond July 31, 1981."

Very truly yours,
