Dear Ms. Khanna:

This is in response to your February 8, 2017 letter regarding my February 6 email to Dan Doyle, with which I forwarded a chart showing the percentage of terminations of IBEW-represented nuclear industry employees that the locals have arbitrated; summaries of arbitration cases on revocation of unescorted access; and the summarized decisions. Neither my email to Mr. Doyle nor the chart contains personal information. However, the summaries and the arbitration decisions do contain personal information, and I have not obtained permission to disclose them to the public. For the reasons Marilyn Teitelbaum expressed in her February 7 letter to you, it was my understanding that, like the private meeting the staff held with union representatives on December 12, the material we provided as a follow-up to that meeting would be kept confidential. We have been advised that the questions Ms. Teitelbaum raised have been referred to the NRC's Office of General Counsel. I will therefore await a decision by the General Counsel before responding more fully to your letter.

Sincerely,

Anna Jerry
