Re: Nine Mile Point Unit 1
Docket No. 50-220
DPR-63

Dear Mr. Grier:

Our letter of December 8, 1980 indicated that a survey of valve manufacturers, being conducted in accordance with I&E Bulletin 80-21, would be completed by January 15, 1981. The results of that survey indicate that there are no Malcolm Foundry Company parts in valves used at Nine Mile Point Unit 1. Therefore, no further action in response to this Bulletin is required.

Very truly yours,

NIAGARA MOHAWK POWER CORPORATION
