Dear Mr. Grier:

Re: Nine Mile Point Unit 2
Docket No. 50-410

Your November 14, 1980 I.E. Bulletin 80-23 requested information whether Valcor solenoid valves having P/N's V70900-21-1 or -3 are to be used to perform safety related functions at Nine Mile Point Unit 2. In response, no such valves are to be used to perform a safety related function at Nine Mile Point Unit 2. In addition, these valves will be added to the Excluded Equipment List for Nine Mile Point Unit 2 to ensure they are not used.

The review and preparation of this response to I.E. Bulletin 80-23 required thirty-five (35) manhours by Niagara Mohawk and its consultants.

Very truly yours,

NIAGARA MOHAWK POWER CORPORATION
