Mr. Darrell G. Eisenhut, Director  
Division of Licensing  
Office of Nuclear Reactor Regulation  
U.S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Dear Mr. Eisenhut:

Re: Nine Mile Point Unit 2  
Docket No. 50-410

Niagara Mohawk's letter of February 27, 1981 indicated that information regarding the environmental qualification tests scheduled to be performed within the next two years for equipment supplied by our nuclear steam system supplier would be submitted by May 1, 1981. Since proposed changes in the environmental qualification test program are currently being evaluated, the requested information will now be available by July 1, 1981. Testing will be delayed until the proposed changes in the program are evaluated.

Very truly yours,

NIAGARA MOHAWK POWER CORPORATION
