Re: Nine Mile Point Unit 1
Docket No. 50-220
DPR-63

Dear Mr. Ippolito:

Our May 14, 1981 letter indicated that Niagara Mohawk would not install diverse level instrumentation on the scram discharge instrument volume. Since that time, we have reevaluated our position. Niagara Mohawk will install diverse level instrumentation during the spring 1983 refueling and maintenance outage.

Sincerely,

NIAGARA MOHAWK POWER CORPORATION

Re: Nine Mile Point Unit 1
Docket No. 50-220
DPR-63

Dear Mr. Ippolito:

Our May 14, 1981 letter indicated that Niagara Mohawk would not install diverse level instrumentation on the scram discharge instrument volume. Since that time, we have reevaluated our position. Niagara Mohawk will install diverse level instrumentation during the spring 1983 refueling and maintenance outage.

Sincerely,

NIAGARA MOHAWK POWER CORPORATION
