Docket No. 50-220
DPR-63

Dear Mr. Vassallo:

Our April 1, 1982 letter indicated that an interim dose assessment system capable of meeting the requirements for Class A models as outlined in Appendix 2 to NUREG 0654 would be operational by July 1, 1982. Due to software deficiencies, that system will not be operational until July 31, 1982.

Very truly yours,
