Re: Nine Mile Point Unit 1  
Docket No. 50-220  
DPR-63

Dear Mr. Vassallo:

Attached for your use is a revised schedule for the recirculation system repairs at Nine Mile Point Unit 1. It should be noted that the activities included on the schedule may be sequenced differently to accommodate unexpected events. It should also be noted that the calendar dates shown for specific events do not include any contingencies. Therefore, while we believe that the end date for the schedule shown is relatively firm, the individual event dates are more subject to change.

Very truly yours,

*C. V. Mangan*
