Docket No. 50-220
DPR-63

Gentlemen:

Our letter of December 1, 1982 provided final design information associated with the Class 1E protection packages for the reactor protection motor generator sets.

Since the final design information was not previously available, we are unable to provide the technical specifications by February 1, 1983 as indicated in that letter. Our current schedule indicates that these specifications will be submitted on or before June 1, 1983.

Very truly yours,

C. V. Mangan
