Docket No. 50-220
DPR-63

Gentlemen:

In our letter of March 1, 1983 we indicated that we would supply justification for continued operation by April 15, 1983 on items for which prior justification was not supplied. These areas were identified in your letter of December 23, 1982 regarding Environmental Equipment Qualification. In discussions with members of your staff, it was indicated that a clarification letter has been issued that revises the current schedule. Our current plans are to supply the required information in accordance with this clarification letter.

Very truly yours,

C. V. Mangan
