Docket No. 50-220
DPR-63

Dear Mr. Vassallo:

Our December 30, 1982 letter indicated that post accident sampling procedures addressing sample storage considerations would be revised by June, 1983. Revisions necessary to address sample storage locations have been determined and a draft procedure has been prepared. However, to date, review by the Site Operations Review Committee has not been obtained. This review will be obtained by July 8, 1983.

Sincerely,

C. V. Mangar
