Re: Nine Mile Point Unit 1  
Docket No. 50-220  
DPR-63

Dear Mr. Vassallo:

In our August 25, 1983 letter, we indicated that by September 15, 1983, we would provide either the summary of a reanalysis program for the reactor building wall or a commitment to decouple the wall. We plan to decouple the screenhouse wall from the reactor building wall by cutting an expansion joint in the screenhouse wall. This modification will be accomplished by the end of the 1984 refueling outage.

Very truly yours,

*C. V. Mangan*
