Mr. Darrell G. Eisenhut, Director
Division of Licensing
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, DC 20555

Dear Mr. Eisenhut:

Re: Nine Mile Point Unit 2
Operating License Application
Docket No. 50-410

Enclosed for your information and use in reviewing the Nine Mile 2 Environmental Report - Operating License Stage are six (6) copies of the following reports:

1. Fish Survival Subsequent to Diversion at the Oswego Steam Station Unit 6. Interim progress report. Prepared for Niagara Mohawk Power Corporation by Lawler, Matusky and Skelly Engineers. May 1983.
2. Oswego Steam Station SPDES Aquatic Monitoring Program April 1981 - March 1983. Prepared for Niagara Mohawk Power Corporation by Lawler, Matusky and Skelly Engineers. October 1983.

Copies of these reports were requested by your staff during the environmental site visit on August 2 and 3.

Very truly yours,

C. V. Mangan

12-1

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that this is essential for the proper management of the organization's finances and for ensuring that all activities are properly documented.

2. The second part of the document outlines the procedures for recording transactions. It details the steps that must be followed to ensure that all information is captured accurately and that the records are kept up-to-date.

3. The third part of the document describes the various methods used to collect and analyze data. It explains how this information is used to identify trends, assess performance, and make informed decisions about the future of the organization.

4. The fourth part of the document discusses the role of the management team in overseeing the organization's operations. It highlights the importance of clear communication, effective planning, and the ability to adapt to changing circumstances.

5. The fifth part of the document provides a summary of the key findings and recommendations. It offers a clear overview of the current state of the organization and provides specific suggestions for how to improve its performance and achieve its long-term goals.
