Re: Nine Mile Point Unit 1  
Docket No. 50-220  
DPR-63

Dear Mr. Vassallo:

In our November 10, 1983 letter, we indicated that the torus attached piping analysis would be submitted by January 31, 1984. Since that time, various additions and changes have become necessary. Due to these changes, the submittal on attached piping is now scheduled for April 30, 1984. There will be no impact on completion of Mark I program due to this change.

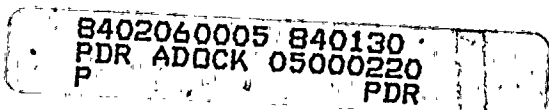

Very truly yours,

*T. E. Lempges*
