Re: Nine Mile Point Unit 1  
Docket No. 50-220  
DPR-63

Dear Mr. Vassallo:

Enclosure 1 of your November 1, 1983 letter (Generic Letter 83-36) contained guidance on the scope of Technical Specifications related to certain NUREG 0737 Items which were scheduled for implementation after December 31, 1981. Licensees were requested to respond within 90 days of receipt of that letter or establish a schedule for submittal with individual Project Managers.

Pursuant to discussions with the Nine Mile Point Unit 1 Project Manager, Niagara Mohawk will respond to Generic Letter 83-36 by May 31, 1984. The delay is necessary to accommodate manpower requirements associated with the forthcoming refueling outage and other more urgent licensing issues.

Sincerely,

NIAGARA MOHAWK POWER CORPORATION
