(Nine Mile Point Nuclear Station)
Unit No. 1)

APPLICATION FOR AMENDMENT
TO
OPERATING LICENSE

Pursuant to Section 50.90 of the regulations of the Nuclear Regulatory Commission, Niagara Mohawk Power Corporation, holder of Facility Operating License No. DPR-63, hereby requests that Sections 3.1.5, 4.1.5, 3.2.9 and 4.2.9 of the Technical Specifications set forth in Appendix A to that License be amended. These proposed changes have been reviewed by the Site Operations Review Committee and the Safety Review and Audit Board.

The proposed Technical Specifications changes are set forth in Attachment A to this application. Supporting information, which demonstrates that the proposed changes will have no safety or environmental significance, is set forth in Attachment B. The proposed change would not authorize any change in the types of effluents or any change in the authorized power level of the facility. Justification for classification of the amendment pursuant to 10 CFR Section 170.22 is included as Attachment C. An analysis, which demonstrates that the proposed changes involve no significant hazards considerations pursuant to 10CFR50.92 is included as Attachment D.

Section 1

The first part of the document discusses the importance of maintaining accurate records. It states that all transactions should be properly documented and filed in chronological order. This ensures that the information is readily available for review and analysis.

The second part of the document outlines the procedures for handling sensitive information. It emphasizes the need for confidentiality and the use of secure communication channels. All data should be protected from unauthorized access and disclosure.

The third part of the document details the reporting requirements. It specifies the frequency and format of reports that must be submitted to the relevant authorities. This includes both periodic reports and ad-hoc reports as required.

The fourth part of the document addresses the role of the audit committee. It describes the committee's responsibilities in monitoring the organization's financial performance and ensuring compliance with applicable laws and regulations.

The fifth part of the document discusses the internal control system. It highlights the need for a robust system of controls to prevent and detect errors and fraud. This includes the implementation of segregation of duties and regular internal audits.

The sixth part of the document covers the external audit process. It explains the scope of the audit and the cooperation required from the organization's management. The goal is to provide an independent and objective assessment of the financial statements.

The seventh part of the document discusses the disclosure of financial information. It outlines the requirements for transparency and the timely release of material information to the public. This helps to build trust and confidence in the organization.

The eighth part of the document addresses the role of the board of directors. It describes the board's oversight responsibilities and its role in setting the organization's strategic direction and monitoring its progress.

WHEREFORE, Applicant respectfully requests that Appendix A to Facility Operating License No. DPR-63 be amended in the form attached hereto as Attachment A.
