Vice President-Nuclear Generation  
300 Erie Boulevard West  
Syracuse, New York 13202

Gentlemen:

We have received a copy of your application dated August 27, 1984, which was filed with the Office of Nuclear Reactor Regulation (ONRR) for review. This application proposed certain Technical Specification changes relating to the Containment Leak Test Program for the Nine Mile Point Nuclear Station Unit No. 1. A \$150 application fee was remitted with your application pursuant to 10 CFR 170.

The ONRR staff has informed us that a refund of \$150 is appropriate since your August 27 application supplemented and clarified a November 1, 1983 application which revised prefee applications dated March 3, 1977 and March 21, 1978. Therefore, we have concurrently authorized the Division of Accounting and Finance to refund \$150 to your Corporation. Refunds are generally processed within a two-week period.

Sincerely,

Original Signed by:
