March 5, 1985  
(NMP2L 0358)

Mr. Hugh Thompson, Director  
Division of Licensing  
Office of Nuclear Reactor Regulation  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555

Dear Mr. Thompson:

Subject: Nine Mile Point Unit 2  
Docket No. 50-410  
Design Verification Activities

On February 27, 1985, we had a meeting to discuss design verification activities with several NRC representatives from Inspection & Enforcement Headquarters and from Region I. During this meeting, it was decided that we would meet again in about two weeks to discuss the plans for the final Stone & Webster Engineering Assurance Technical Audit of Nine Mile Point Unit 2. In our previous correspondence, we had indicated we would provide these plans on March 11, 1985. We now plan to provide a written submittal of these plans after this meeting, which has now been scheduled for March 15, 1985.

Very truly yours,

*C. V. Mangau*

C. V. Mangau  
Vice President

Nuclear Engineering & Licensing
