Re: Nine Mile Point Unit 1
Docket No. 50-220
.....DPR-63.....

Dear Mr. Zwolinski:

On January 29, 1986 we submitted an amendment to the Nine Mile Point Unit 1 Technical Specifications with respect to the Fire Protection Program. As a result of discussions with members of your staff regarding generic letter 86-10, we find that this amendment is no longer required. Therefore, pursuant to 10CFR2.107 we wish to withdraw the above mentioned license amendment.

In addition to the above, an amendment to delete the fire protection technical specifications in their entirety will be forthcoming in accordance with the generic letter.

Sincerely,

NIAGARA MOHAWK POWER CORPORATION
