Re: Nine Mile Point Unit 2
Docket No. 50-410

Gentlemen:

Niagara Mohawk Power Corporation, in a letter dated December 9, 1986, requested that a change to Technical Specification Surveillance 4.6.6.1.b.1 be incorporated into the full power license. The proposed change was discussed with M. Haughey and members of the Nuclear Regulatory Commission staff in a telecon on January 13, 1987.

After further review, Niagara Mohawk has determined that the proposed change to Surveillance 4.6.6.1.b.1 is not necessary for safe operation and the existing Surveillance will not cause an undue hardship on the plant. Therefore, Niagara Mohawk is requesting withdrawal of the proposed change to the full power license.

Very truly yours,

NIAGARA MOHAWK POWER CORPORATION

C. V. Mangan
