Re: Nine Mile Point Unit 1  
Docket No. 50-220  
DPR-63

Gentlemen:

Niagara Mohawk Power Corporation hereby transmits an application for amendment to Nine Mile Point Unit 1 Operating License DPR-63. Supporting information and analysis demonstrating that the proposed amendment involves no significant hazards consideration pursuant to 10 CFR 50.92 are included as Attachment B. Pursuant to 10 CFR 170.12, a one hundred fifty dollar (\$150.00) application fee is enclosed.

The proposed change contained herein represents a revision to the expiration date of the Nine Mile Point Unit 1 Operating License from April 11, 2005 to August 22, 2009. The Operating License currently specifies an expiration date based on 40 years from date of the Nine Mile Point Unit 1 Construction Permit. In accordance with current Nuclear Regulatory Commission policy, this revision will establish the period of the Operating License as 40 years from date of its issuance.

Pursuant to 10 CFR 50.91(b)(1), Niagara Mohawk has provided a copy of this license amendment request and the associated analysis regarding no significant hazards consideration to the appropriate state representative.

Very truly yours,
