Syracuse, New York 13212

Dear Mr. Mangan:

SUBJECT: NRC BULLETIN 88-01, "DEFECTS IN WESTINGHOUSE CIRCUIT BREAKERS"
(TAC 67691)

On February 5, 1988, NRC Bulletin 88-01 was issued and requested holders of operating licenses or construction permits to provide letters of confirmation to the NRC of the completion of specified inspections on Westinghouse DS series circuit breakers. Addressees who do not have DS series circuit breakers in Class 1E service were requested to provide a letter to the NRC stating this fact.

Your response dated March 28, 1988 confirmed that Westinghouse DS series circuit breakers are not used in any applications at Nine Mile Point Unit 1. Thus, your response to Bulletin 88-01 is satisfactory and no further reply is necessary.

Sincerely,

original

Mary F. Haughey, Project Manager
Project Directorate I-1
Division of Reactor Projects, I/II
