Re: Nine Mile Point Unit 1
Docket No. 50-220
DPR-63

Gentlemen:

Niagara Mohawk Letter No. NMP1L 0229 dated March 1, 1988, provided the Nuclear Regulatory Commission with a report evaluating the December 19, 1987 Feedwater System transient at Nine Mile Point Unit 1. In Section VII, Resolution of Concerns (page 44), of this report, Niagara Mohawk committed to perform an engineering review of the Feedwater System design by December 31, 1988.

This letter is to advise the Nuclear Regulatory Commission of the status of the design review. A design review report has been drafted, but has not completed internal review by Niagara Mohawk. Niagara Mohawk will complete its review by February 28, 1989.

Very truly yours,

NIAGARA MOHAWK POWER CORPORATION

C. D. Terry
Vice President
Nuclear Engineering and Licensing
