Docket No. 50-220

Dr. Stephen M. Manauer
Chairman, Advisory Committee
on Reactor Safeguards
U. S. Atomic Energy Commission
Washington, D. C. 20545

Dear Dr. Manover:

Eighteen copies are transmitted to the Committee of our report on the Niagara Mohawk Power Corporation's application for a provisional operating license for its Nine Mile Point Nuclear Station. The report presents the results of our safety evaluation of all aspects of the facility.

Sincerely yours,

Peter A. Harris, Director
Division of Reactor Licensing
