Re: Nine Mile Point Unit 1  
Docket No. 50-220  
DPR-63

Gentlemen:

On March 20, 1992 (NMP1L 0653), Niagara Mohawk submitted a Bases change for Section 3.1.3/4.1.3, "Emergency Cooling System". In subsequent discussions with the Project Manager, we agreed to update the references from the original FSAR to the current UFSAR.

Attachment A to this letter is the proposed revised Technical Specification Bases change and Attachment B provides supporting information justifying the change.

Very truly yours,

B. Ralph Sylvia  
Exec. Vice President-Nuclear
