Dear Mr. Sylvia:

SUBJECT: REVISION 6 TO THE QUALITY ASSURANCE TOPICAL REPORT

We received a letter, dated May 8, 1991, from James A. Perry, Vice President, Quality Assurance, submitting Revision 6 to the Quality Assurance Topical Report for Nine Mile Point Nuclear Station Operations. Based on our review of this revision, several questions have arisen which warrant further clarification. These questions were discussed with the Quality Assurance staff via phone conversations on June 14, 1991, and again on July 3, 1991. It is our understanding that a letter clarifying the questions concerning the Topical Report will be sent to Region I for our review. However, based on our current review schedule, we anticipate that it will require more than 60 days to complete our review. Upon completion, you will be notified of the results.

If you have any questions concerning the above, please contact D. R. Taylor at (215) 337-5345.

Sincerely,
