Dear Mr. Sylvia:

SUBJECT: CONFIRMATION OF PLANNED VISIT TO REVIEW DEVELOPMENT OF TRAINING EFFECTIVENESS MEASURES AT NINE MILE POINT NUCLEAR STATION

The purpose of this letter is to confirm your agreement to host a visit by the NRC Office of Nuclear Regulatory Research's contractor, Mr. Edward Connelly of Science Applications International Corporation. The visit is scheduled to begin on August 26, 1991, and will be held in the training center at Nine Mile Point; therefore, Mr. Connelly will not require entry into the plant's protected area.

The objective of this visit is to identify and validate measures of nuclear power plant training program effectiveness. It is planned that this visit will require a maximum of two days. Mr. Connelly will be holding three four-hour sessions with members of your staff. One session will be with up to three members of the Nine Mile Point training program staff and two sessions will be with up to three reactor operators. If possible, the members of your staff participating in these sessions should contain a mix of experience levels.

Thank you for your cooperation in hosting this visit. Please contact me at (301) 492-1409 if you have any questions regarding this visit.

Sincerely,
