Dear Mr. Woods:

As per our conversation, Niagara Mohawk has updated the NRC minimum calculation based upon the latest NUREG 1307 escalation factors. Due to a 400 percent increase in burial cost escalation rates, the Company is currently funding a decommissioning cost estimate below the NRC minimum. We anticipate the existing level to continue until new electric rate levels are established in 1995.

If you have any questions or require additional information, please contact me at (315) 428-6482.

Sincerely,

Pat Piscitelli
