RE: Nine Mile Point Unit 1  
Docket No. 50-220  
        DPR-63        

**Subject:** *Notice of Violation II.B Dated June 18, 1996*

Gentlemen:

In a letter from Mr. Carl D. Terry to the NRC on October 7, 1997, Niagara Mohawk Power Corporation (NMPC) confirmed delay of our response to Mr. Thadani's September 12, 1997 letter. Subsequently, on October 9, 1997, NMPC representatives met briefly with Messrs. Callan and Collins of the NRC to discuss this violation. As requested at the meeting, NMPC summarized its position in a letter to Mr. Callan on October 27, 1997.

It was our understanding that a further meeting was to be held to discuss the issue after our position was documented. Inasmuch as that meeting has been scheduled for January 13, 1998, we request that our response to Mr. Thadani's letter be delayed until that meeting is held. At that meeting a determination will be made regarding further actions, including the timing of NMPC's response. This delay was discussed with Mr. Hood, Senior Project Manager NRR on December 4, 1997.

Very truly yours,

Carl D. Terry  
Vice President

Nuclear Safety Assessment and Support
