RE: Nine Mile Point Unit 2
 Docket No. 50-410
 NPF - 69

Subject: *Response to March 6, 1998 NRC Letter*

Gentlemen:

By letter dated March 6, 1998, the Nuclear Regulatory Commission (NRC) requested that Niagara Mohawk Power Corporation (NMPC) provide information concerning the fitness-for-duty occurrence of February 5, 1998 at Nine Mile Point Unit 2 (NMP2). In a March 26, 1998 telephone conference with the Staff, it was agreed that, since the event occurred off-duty, it was appropriate that NMPC only answer the first question of the enclosure to the March 6, 1998 letter. Attachment 1 of this letter addresses the NRC's first question by providing the licensed operator's name, license number and responsibilities. This attachment contains personal privacy information the disclosure of which would create a clearly unwarranted invasion of personal privacy. Accordingly, NMPC requests that this information be withheld from public disclosure pursuant to the provisions of 10CFR§2.790(a)(6).

On April 1, 1998, at 1523 hours, NMPC withdrew the event notification made to the NRC on February 6, 1998 at 1609 hours.

Very truly yours,

Kim A. Dahlberg
 Plant Manager - NMP2
