- Ref. 3: Letter, Gary Peters (AREVA) to Document Control Desk (NRC), "List of Planned Topical Report Submittals for FY2016 through FY2018 - Update," NRC:16:019, August 10, 2016.

As a continuing effort to inform the NRC of annual topical report planning information as requested in Reference 1, this letter provides the status of AREVA Inc.'s (AREVA) topical reports (TRs) that are being developed for submittal to the NRC for FY2017 through FY2019. The previous annual topical report planning letter for the period FY2016 through FY2018 was transmitted to the NRC in Reference 2. AREVA provided an update to this letter in August of last year in Reference 3.

The listing of AREVA TRs planned for submittal in Attachment A to this letter includes the scheduled submittal dates by month and year. As discussed in NRC's public meeting on January 25, 2017, and NRC's Staff presentation, Revising the Topical Report Review Process, AREVA has also included for each future submittal of an AREVA TR:

- The scope of the TR
- Any specific knowledge or training an NRC reviewer may need
- The applicability of the TR

Note that all planned submittals listed in Attachment A will be submitted for the purpose of NRC review and approval, and will be proprietary and apply to existing operating plants (NRR Review). The requested review dates provided in Attachment A are based on projected business opportunities.

AREVA does not consider the submittal dates provided in Attachment A to be commitments but rather dates for planning purposes. Therefore, there are no commitments provided in this letter.
