RE: Removal of Office Address for ECS Mid-Atlantic LLC. Williamsburg
NRC License Number: 45-31022-01 / 03036879

Attention LAT,

This letter is to inform you that we would like to delete the address of our former office from our existing radioactive materials license as a secondary storage location as our move into the new facility at 1643 Merrimac Trail, Suite A, Williamsburg, Virginia 23185 is complete.

The former mailing and storage address to be removed is:

109 Ingram Road, Suite 1, Williamsburg, Virginia 23188

We have completed the move and we have decommissioned our old facility located at 109 Ingram Road, Suite 1, Williamsburg, Virginia by performing a radiation survey of the facility along with a wipe/swipe test of surfaces within the storage location to verify that no contamination of that facility has occurred.

Results are attached:

Thank you for your attention in this matter. Be assured that ECS Mid-Atlantic, LLC, is committed to excellence and compliance. If you have any questions, please feel free to contact me at 757-366-5100.

Sincerely,

ECS MID-ATLANTIC, LLC

W. Lloyd Ward, P.E.
Branch Manager

LEAK TEST CERTIFICATE

MD Materials License # MD-13-020-01

This certifies that leak test analysis was conducted on the sample with the following information. The results shown below accurately represent the level of removeable contamination.

| Gauge Model | Nuke Room | Gauge S/N | Shelf | Leak Test Date | 5/31/2016 |
|--------------------|------------------|------------------|--------------|-------------------------------|------------------|
| | | Source | | Reading in microCuries | |
| | | | | 0.00006828 | |
| | | | | 0.00000 | |

Note: 0.005 microCuries (185 Bq) or greater is considered a leaking source. The source(s) tested above may remain in use.

This is to acknowledge receipt of your: Letter and/or Application Dated: 02/13/2017

The initial processing, which included an administrative review, has been performed.
 Amendment Termination New License Renewal

There were no administrative omissions identified during our initial review.

This is to acknowledge receipt of your application for renewal of the material(s) license identified above. Your application is deemed timely filed, and accordingly, the license will not expire until final action has been taken by this office.

Your application for a new NRC license did not include your taxpayer identification number. Please complete and submit NRC Form 531, Request for Taxpayer Identification Number, located at the following link: <http://www.nrc.gov/reading-rm/doc-collections/forms/nrc531.pdf>
 Follow the instructions on the form for submission.

The following administrative omissions have been identified:

Your application has been assigned the above listed MAIL CONTROL NUMBER. When calling to inquire about this action, please refer to this control number. Your application has been forwarded to a technical reviewer. Please note that the technical review, which is normally completed within 180 days for a renewal application (90 days for all other requests), may identify additional omissions or require additional information. If you have any questions concerning the processing of your application, our contact information is listed below:
