RE: Delegation of Authority for Radiation Safety Officer

Patricia Cobb

You have been appointed the Radiation Safety Officer for Universal Well Services and are hereby delegated the authority and authorized to take the time necessary to meet that responsibility.

As such, you are responsible for overseeing the enforcement of the provisions of the company radiation protection program, including the identification of radiation protection problems; initiating, recommending or providing corrective actions; verifying implementation of corrective actions; compliance with applicable statutes and regulations; and stopping unsafe activities. This includes taking steps to shut down operations when justified by radiation safety considerations.

You are required to notify management of situations where any staff are not cooperating and not addressing radiation safety issues. In addition, you are free to raise questions and issues with consultants and the Pennsylvania Bureau of Radiation Protection at any time.

William Stoner – President

I accept the above responsibilities,

Patricia Cobb, Radiation Safety Officer
