Hello Chris

This is in response to your letter 17-008, dated February 17, 2017, requesting the NRC's confirmation that the new pickling facility should be considered an extension of the current operations.

We have opened Cost Activity Code (CAC) number L33437 for this review. Please include this number on future correspondence regarding this project.

We anticipate completing this review by the end of May, 2017.

The cover letter and the unclassified enclosures will be made publically available in ADAMS. Enclosure 4 will be protected as CONFIDENTIAL information and not be available to the public.

A copy of this email will be placed into ADAMS.
