

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

March 10, 2017

David B. Jansen, Director
Office of Radiation Protection
Washington State Department of Health
P.O. Box 47827
Olympia, WA 98504-7827

Dear Mr. Jansen:

On behalf of your friends and colleagues at the U.S. Nuclear Regulatory Commission (NRC), and, in particular, the Office of Nuclear Material Safety and Safeguards and Region IV, we wish you the very best in your retirement. I want to personally acknowledge your over 30 years of public and private engineering and managerial experience, including your faithful and exceptional public service to the State of Washington, your participation in the Conference of Radiation Control Program Directors (CRCPD), your work as the Tri-Chair on the National Alliance for Radiation Readiness (NARR) Executive Committee, your participation as the member representative for the Association of State and Territorial Health Officials (ASTHO) on the NARR, your contributions to the cleanup of State and Federal superfund sites, including the Hanford site remediation, and your service as an adjunct faculty member at Saint Martin's University in Lacey, Washington. Your tireless efforts and technical expertise have significantly enhanced Federal and State relations. The nation has benefited from your continued excellence in fostering a positive working relationship among the NRC, CRCPD, ASTHO, NARR, and related organizations.

As the Director of the Office of Radiation Protection in the State of Washington, you have significantly strengthened the States' relationship with the NRC. We are truly grateful for your many contributions and your outstanding efforts to help ensure consistent high standards of quality in radiation protection programs across the country.

Our best wishes and thoughts are with you and your family for happiness and good fortune throughout your retirement.

Sincerely,

/RA/

Marc L. Dapas, Director
Office of Nuclear Material Safety
and Safeguards
