Dear Dr. Nasser Razmianfar,

This is in reference to your letter dated January 5, 2017, submitting financial assurance documents for Nuclear Regulatory Commission License No. 47-23035-01, Docket No. 03020199. In order to continue our review, we need the following additional information:

The Certification of Financial Assurance document was missing a certification statement. The guidance for completing the Certification of Financial Assurance is provided in NUREG-1757, Volume 3, Revision 1, "Consolidated Decommissioning Guidance Financial Assurance, Recordkeeping, and Timeliness," Appendix A.2 (<https://www.nrc.gov/docs/ML1204/ML12048A683.pdf>). The provided certification did not provide state the appropriate amount of financial assurance amount, and that a certification that the funds were available. Please add the following paragraph as appropriate from the model certification in Appendix A.2.4:

I also certify that financial assurance in the amount of [insert the total of all prescribed amounts calculated from Checklist 2 or the amount of the site-specific cost estimate, in U.S. dollars] has been obtained for the purpose of decommissioning as prescribed by 10 CFR Part [insert 30, 40,70, or 72].

Alternately, you may state that you wish to continue to use your current Certification of Financial Assurance dated July 14, 2014, and Statement of Intent dated December 14, 2011, as those are still sufficient to support your financial assurance requirements.

Additionally, it is requested that in the future the Certification of Financial Assurance and the Statement of Intent be placed on separate documents as the documents require separate document handling requirements at the NRC. All Statement of Intent will be returned when superseded by new financial assurance documents.
