Mr. Michael F. Nicol
Corporate Director, Quality Assurance
EnergySolutions
1009 Commerce Park Drive
Oak Ridge, TN 37830

SUBJECT: QUALITY ASSURANCE PROGRAM APPROVAL FOR RADIOACTIVE
MATERIAL PACKAGES NO. 0935, REVISION 9

Dear Mr. Nicol:

Enclosed is the Quality Assurance (QA) Program Approval for Radioactive Material Packages No. 0935, Revision No. 9, in response to your letter dated June 1, 2016 (ML16162A064) and email dated February 15, 2017 (ML17052A584). The requested revisions have been made to your QA Approval Form 311. This Approval satisfies the requirements of 10 CFR 71.17(b) and 71.101(c) for a QA Program approved by the U.S. Nuclear Regulatory Commission (NRC).

Termination of your materials license does not cause the enclosed Approval to be automatically terminated. If you wish to amend your QA Program and have determined it reduces commitments, or terminate the enclosed Approval, please request it in writing.

This letter also serves as a reminder that if you are using or planning to use an NRC-approved packaging, you must be registered for use of that packaging with NRC. Registration for use of NRC-approved packagings should be made pursuant to 10 CFR 71.17(c)(3).

If you have any questions, please contact me at 301-415-7399 or Jeremy Tapp at 301-415-8047.

Sincerely,

/RA/

Patricia Silva, Chief
Inspections and Operations Branch
Division of Spent Fuel Management
Office of Nuclear Material Safety
and Safeguards
