Subject: Copy of Notice of Tritium Containing Exit Sign Disposal

To whom it may concern:

As we are located in the Nuclear Regulatory Commission (NRC) Agreement State of Illinois, we recently notified our local authority of a transfer of Tritium containing exit signs from our Belvidere, IL assembly plant to a licensed disposal facility. For completeness purposes, please find attached a copy of the notification that was submitted to the Illinois Emergency Management Agency (IEMA).

The contact person for this type of material at our location is Gina Ayersman, Environmental Specialist. Should you have any questions or require any additional information he/she can be contacted at (815) 547-2560.

Regards,

Tomasz Gebka, Plant Manager

Subject: Notice of Tritium Containing Exit Sign Disposal

To whom it may concern:

Based on a review of our records, we are unsure whether information was previously provided to you regarding a particular transfer of Tritium containing exit signs from our Belvidere, IL assembly plant to a licensed disposal facility. As a result, this letter is being submitted to ensure you have been made aware of this material transfer.

Specific information (manufacturer name, model number, serial number, etc.) for the exit signs involved in the transfer is included in the material inventory attachment to this letter. The entire inventory of exit signs was conveyed by Lampmaster to SRB Technologies, Inc. (NC Radioactive Materials License #034-0534-2) for proper disposal.

The contact person for this type of material at our location is Gina Ayersman, Environmental Specialist. Should you have any questions or require any additional information she can be contacted at 815-547-2560.

Regards,

A handwritten signature in black ink, appearing to read 'Tomasz Gebka', is written over a large, faint watermark of the Chrysler Pentastar logo.
