Subject: Questions and request for additional information regarding request for additional information response received February 17, 2017.

Discussion:

A phone call to Mr. Lafoe, President, Optimum Construction Layout & Materials Testing, Inc. was made to discuss the response submitted addressing the request for additional information dated February 1, 2017.

Mr. Lafoe was informed that the response submitted for item 8 required further clarification. A request was made that the company submit additional information as to whom would be performing the leak tests on the gauge. Additionally Mr. Lafoe was informed that if the company was proposing to do the work themselves they would need to commit to using Appendix I in NUREG 1556 Volume 1, Rev. 2 "Consolidated Guidance About Materials Licensees: Program Specific Guidance About Portable Gauges." Mr. Lafoe was also informed that he would either need to sign the response containing the additional information or he would need to submit a letter stating that Moriah Lafoe was an authorized management representative for the company. Mr. Lafoe stated that the company would resubmit the request for additional information with the corrected information for item 8 and would also submit a document authorizing Moriah Lafoe to sign documents as an authorized management representative. Mr. Lafoe asked if he could submit these documents by email and was told yes. My email address was provided.
