Questions on Polar Crane Evaluation for the AP1000 Specialized Seismic Option

Option report Section 4.1.6 states that for the polar crane, the []. The staff request Westinghouse to describe the [] relative to the [] and the criteria for the crane evaluation (including design/construction codes and standards) and clarify whether the latter have changed from that in AP1000 DCD, Rev. 19. Also, the staff request Westinghouse to clarify whether the results shown in Table 4-7 are based on the []. Additionally, the staff request Westinghouse to clarify whether the [] is only limited to the aforementioned [] or if [] such as the [] require similar []. Further, the staff requests Westinghouse to include markups to the Option report consistent with the response to the above questions.
