

UNITED STATES OF AMERICA
NUCLEAR REGULATORY COMMISSION

In the Matter of

DOMINION VIRGINIA POWER

(North Anna Power Station, Unit 3)

Docket No. 052-017-COL

SCHEDULING ORDER

On January 31, 2017, the Commission issued a notice that it would convene an evidentiary hearing at its Rockville, Maryland headquarters on March 23, 2017, pursuant to section 189a. of the Atomic Energy Act of 1954, as amended, to receive testimony and exhibits in the uncontested portion of the captioned proceeding.¹ Today's Scheduling Order, issued pursuant to my authority under 10 C.F.R. § 2.346(a), (d), and (j), provides details covering matters such as the identification and swearing-in of witnesses, the process for admitting evidence, and the format of presentations.

Identification of Witnesses. To expedite the proceeding, all witnesses will be identified and sworn in at the beginning of the hearing. As a result, all witnesses should be present in the hearing room at that time. Witnesses should remain available for the entirety of the hearing.

Presentation Slides. Sets of presentation slides for each panel shall be served using the agency's E-filing system (see 10 C.F.R. § 2.304(g)), and also shall be transmitted via e-mail to Hearing.Docket@nrc.gov, no later than March 16, 2017.

Format and Time Allocations. The order of presentation panels and time allocations are reflected in the Scheduling Note for this proceeding, which will be transmitted separately.

¹ Dominion Virginia Power, North Anna Unit 3, 82 Fed. Reg. 8864 (Jan. 31, 2017).

Panelists should assume that the Commission is familiar with the content of their written testimony, including their written responses to pre-hearing questions.

Admission of Evidence. Exhibits for this proceeding will be admitted after the witnesses are identified and sworn and before the panel presentations begin. To facilitate this process, no later than March 16, 2017, the NRC Staff and Dominion Virginia Power (Dominion) each shall provide to the Secretary a table listing all of the exhibits they intend to propose for admission into evidence at the hearing. The table should be formatted as follows:

Exhibit Number	Panel Number/Sponsoring Witness(es)	Document Description/Title ²

All exhibits should be pre-filed in accordance with the requirements of our E-filing rules at 10 C.F.R. § 2.304(g).³ The Staff should include the combined license application and all associated supplements to the application in its list of exhibits. Only one copy of each item of documentary material should be offered as evidence in connection with this mandatory hearing, so the parties should coordinate as necessary. Panel presentation slide sets should be included and identified as exhibits, and will be admitted into the record of the proceeding.

² The parties should include an ADAMS accession number to the extent one is available for the document (or portion of the document) that will be proffered. For any exhibit having a confidential/sensitive status that would preclude public disclosure, the listing information should be set forth in **bold** type.

³ Any pre-filed exhibit that contains confidential or sensitive information should be filed separately in the agency's E-filing system using the "non-public submission" filing option and should include appropriate page markings.

In cases of exhibits that are testimony, the sponsoring witness (or witnesses) shall provide a written certification, as part of the filing submitting the exhibit table, containing the following information: that the identified testimony was prepared by the witness (or under the witness's direction); that the written testimony is true and correct to the best of the witness's information, knowledge, and belief; and that the witness adopts the identified testimony as his or her sworn testimony in the proceeding.⁴

Exhibits will be admitted at the hearing based on the exhibit tables and associated certifications, as applicable; the list of exhibits and any certifications will not be read aloud at the hearing. Dominion and the Staff will be offered the opportunity at the oral hearing to provide corrections, amendments, and additions to testimony or exhibits, or to object to the admission of particular exhibits, during the process of admitting exhibits. The exhibit tables and certifications will become part of the record of the proceeding.

Exhibits should be labeled and numbered consecutively beginning with exhibit number one, formatted as "NRC-001," "NRC-002," or "DVP-001," "DVP-002," etc.⁵ Exhibit numbers should be placed in the upper right hand corner of the first page of the exhibit. A separate cover sheet should be used for an exhibit only if there is no space on the first page of the exhibit into

⁴ This certification may be notarized, or may be submitted in the form of an unsworn declaration consistent with 28 U.S.C. § 1746.

⁵ Other than witness lists, any documents pre-filed in advance of this Scheduling Order should be re-filed as exhibits.

Provided the exhibits are properly pre-filed using the agency's E-filing system, it should not be necessary for the parties to provide the Commission or counsel for the other party with any paper copies of their pre-filed evidentiary materials. Nonetheless, the parties should have available at the hearing one properly marked paper copy of each pre-filed document for use in the event there are any operational issues. In addition, if a party must submit any new testimony or exhibits at the hearing, or revise any pre-filed testimony or exhibits at the hearing, that party must provide at that time a properly marked electronic copy of any such documents, along with enough properly marked paper copies of any such documents for distribution to counsel for the other party, all Commission members (two copies each), and the Secretary of the Commission (three copies).

which the number can be legibly placed.⁶ Multi-page exhibits should be numbered consecutively so that they can be readily referred to at the evidentiary hearing.

Post-hearing Responses to Follow-up Questions. If, at the hearing, Commissioners ask any questions that cannot be fully answered at the hearing itself, or expressly pose follow-up questions to be answered in writing, the Staff and Dominion, as appropriate, may file supplemental responses to such questions no later than April 6, 2017, unless the Commission at the hearing sets a different deadline for such responses.

General Information. The Office of the Secretary of the Commission will contact the parties regarding logistics related to the March 23, 2017 hearing.

IT IS SO ORDERED.

⁶ If a party needs to provide a revised version of a previously pre-filed exhibit, the exhibit should be re-filed with “-R” following the numbering sequence. For example, if exhibit NRC-005 must be revised, the revised exhibit would be labeled NRC-005-R. If this exhibit must again be revised, it would be labeled NRC-005-R2. If a party needs to break a document into several segments to ensure it does not exceed the agency’s guidance on recommended file size for submissions (see NRC, Guidance for Electronic Submissions to the NRC, Rev. 6.1, at 15-16 (May 27, 2011) (ADAMS accession no. ML13031A056)), each segment should be labeled by adding a letter directly following the exhibit number to reflect the relationship of part of the exhibit to the other parts. For example, if NRC Staff exhibit NRC-005 must be submitted in multiple parts, each portion should be assigned a different exhibit number: NRC-005A, NRC-005B, NRC-005C, etc.
